Even when she was having major health issues this past summer and my husband and I visited she minimized her issues and focused on making us feel welcome and grateful that we had visited. “ Dear Nancy and family. OH, what a force of joy and kindness Donna was! When she came into our lives when I was almost a teenager, I just couldn't get enough of her. And that was how it always was, ever since then! I'm sure that everyone who knew Donna feels that same way: When you're with Donna, it's going to be great, because of her love of life. Smiles, hugs, laughter, and genuine caring about everyone's own lives were what Donna was all about.

Donna's devotion to her family was amazing. All of you in her closest family were blessed by her unfailing devotion to you!

Debi, Margo, and I would go visit Donna, and wherever we were, the place would be filled with our carousing voices. West View Manor and then Orrville Point became Girl Gathering Spots for us, taking the afternoon to go see Donna Shie!

I know there won't be a New Orleans Jazz Band at Donna's funeral, but I think I'll hear that music there anyhow, and that Donna will be in the Second Line, high-stepping with her decorated parasol and throwing candy and beads to the crowd. Wherever that girl went and goes, there will be good times had by all.

And we will keep the legend of her time going in our memories and listening for her generous laughter!

Donna Shie is irreplaceable!! The world is now a little dull, without her! So make something sweet and spicy happen, in her name!

Much love, Susi Shie. Donna Shie Fan Club. With much love from my husband Jimmy Acord, and my daughter Gretchen, who both loved Donna, too!

“ I always looked forward to going to work and seeing Donna sitting in the lounge ready to play bingo or whatever else I had to do. Always had a smile for me even if she didn't feel good. She was one of the kindest ladies. I can remember her and Pam always singing a song everyday after lunch and blowing kisses lol She will be missed by the Activity girls.
